PREAMBLE

In order to effectuate the provisions of the Public Employees Fair Employment Act of the State of New York (Chapter 392 of the Laws of 1967) and to encourage and increase effective and harmonious working relationships between the Arlington School District (hereinafter referred to as the "District") and its professional employees represented by the Arlington Teachers' Association (hereinafter referred to as the "Association") and to enable the professional employees more fully to participate in and contribute to the development of policies for the school district so that the cause of public education may best be served in Arlington, this agreement:

WITNESSETH:

WHEREAS, the District and the Association recognize and declare that providing a quality education for the children of Arlington is their primary mutual aim and responsibility and the character of such education depends predominantly upon the quality and morale of the professional staff, and

WHEREAS, the members of the teaching profession are particularly qualified to assist in formulating policies and programs designed to improve educational standards, and

WHEREAS, the District has a statutory obligation pursuant to the Public Employees Fair Employment Act to negotiate with the Association as the representative of its teaching personnel with respect to hours, wages, and terms and conditions of employment, and

WHEREAS, the parties have reached certain understandings which they desire to confirm in this agreement,

IT IS HEREBY AGREED AS FOLLOWS

ARTICLE II

RECOGNITION

A. NATURE AND TERMS

1. The Board of Education of the Arlington Central School District, having determined that the Arlington Teachers' Association is supported by a majority of the employees in a unit composed of all professional staff members other than the Superintendent of Schools, Assistant Superintendent, Director of Pupil Personnel Services, Supervisor of Special Education, Assistant to the Superintendents, Principals, Assistant Principals, Administrative Assistants, Business Administrator, Director of Personnel, Curriculum Director, Director of Professional Development and Program Evaluation, Building Curriculum Administrator, Director of Library Services, Elementary Curriculum Specialists, Elementary Teacher Assistants to the Principals, Attendance Teacher, Adult Education Teachers, Substitute Teachers, per diem personnel, aides, monitors, school nurses, dental hygienist, teachers' assistants and those

positions yet to be created which do not include people working directly with students, has recognized the Association as the exclusive representative of the employees in such unit for the purpose of negotiations regarding wages, hours and terms and conditions of employment and in the settlement of grievances and for all other lawful purposes under the laws of the State of New York. Such recognition shall extend for the maximum period allowed by law, and this contract shall determine the conduct between the Board of Education and the professional staff members who comprise this unit.

2. In the event that any competing employee organization claims the right to represent the employees in said unit and furnishes the proof of membership and support as above specified, then the selection of employee representative shall be determined in accordance with the Public Employees Fair Employment Act and the rules of the Public Employment Relations Board.

3. During the period of recognition hereunder or under any renewal of such recognition, the Board agrees not to negotiate or deal in any way with any other individuals or organizations representing or claiming to represent the employees within the employer - employee negotiating unit represented by the Association.

B. DUES DEDUCTION

1. The Board agrees to deduct from the salaries of its employees dues for the Arlington Teachers' Association and affiliates, as said teachers individually and voluntarily authorize the Board to deduct, and to transmit the monies monthly beginning in October to such Association or associations. As of July 1, 2008 monies collected under this provision shall be electronically transmitted by the District to the Association's account. Teacher authorizations for all school years will be in writing in the form set forth below:

DUES DEDUCTION FORM

LAST NAME	FIRST NAME	INITIAL	BUILDING

ADDRESS

PAYROLL DEDUCTION AUTHORITY:

I hereby authorize the Board of Education of the Arlington School District to deduct from my salary membership dues pursuant to Chapter 392, Laws of 1967, and to make any adjustment necessary for the purpose of payment of dues in the amount certified by the Arlington Teachers' Association and any other affiliated organizations for this school year and for succeeding school years. I understand that the Board of Education will discontinue such deductions for any school year only if I notify the Board in writing to do so not later than September 15 of that school year. I hereby waive all rights and claims for said monies so deducted and transmitted in accordance with this authorization, and relieve the Board and all of its officers from any liability therefore.

I revoke all instruments, if any, heretofore made by me for any of the purposes herein set forth. This instrument shall remain in full force and continuous force and effect while I am employed in the Arlington School District or until revoked by written notice by me.

The membership dues deductions options are:

- a. Six (6) bi-weekly payments beginning with the first check in October.
- b. Ten (10) bi-weekly payments beginning with the first check in October.
- c. Fifteen (15) bi-weekly payments beginning with the first check in October.

Option selected: _____ Date: _____ Signature: _____

2. The Arlington Teachers' Association and those of all affiliates shall certify to the Board in writing the current rate of its membership dues. The Association shall give the Board thirty (30) days written notice prior to the effective date of any change.

3. Deductions referred to in Section 1 above shall be made in (a) six (6) bi-weekly consecutive installments or (b) ten (10) bi-weekly consecutive installments or (c) fifteen (15) bi-weekly consecutive installments commencing with the first check in October. All dues shall have been deducted by the end of the fifteenth pay period thereafter. The Board shall not be required to honor for any month's deduction any authorizations that are delivered to it later than one (1) week prior to the distribution of the payroll from which the deductions are to be made. Teachers joining the District after the start of the school year shall have their dues deducted on a pro-rated basis.

4. No later than September 30 of each year, the Board shall provide the Association with a list of those employees who have voluntarily authorized the Board to deduct dues for any of the associations named in Section 1 above. The Board shall notify the Association monthly of any changes in said list. Any teacher desiring to have the Board discontinue deductions he/she has previously authorized must notify the Board, in writing, by September 15 of each year for that school year's dues.

5. The District shall deduct from the salary of any unit member who is not a member of the Association an agency fee of corresponding amount to dues deductions as set forth in paragraph "B" above. These deductions shall be paid to the ATA in the same manner and at the same time as dues deductions are paid pursuant to paragraph "B" above. The Association affirms that it has adopted such procedures for refund of agency fee deduction as required in Section 3, Chapter 677 of the Laws of 1977 of the State of New York and any amendments thereto. This provision for agency fee deductions shall continue in effect so long as the Association maintains such procedure. The Association assumes full responsibility for the disposition of such funds so deducted once they have been forwarded to it by the District.

6. The Board agrees that it shall not accord dues deduction or similar check-off right to any other organizations representing or purporting to represent employees in the negotiating unit represented by the Association.

7. All payroll deductions for tax sheltered annuities and credit unions shall be remitted forthwith by the District to the designated party.

8. Those teachers who wish to avail themselves of NYSUT benefits through payroll deduction may notify the District in writing. The Board shall not be required to honor, for any month's deduction, any authorizations that are delivered to it later than one (1) week prior to the distribution of the payroll from which the deductions are to be made. Any teacher desiring to have the Board discontinue deductions that previously have been authorized, must notify the Board in writing.

9. The District shall deduct from the salary of any unit member an authorized amount for Vote Cope.

C. DIRECT DEPOSIT, SCHEDULED PAY DATES AND PAY STUBS

10. Employees shall be paid by direct deposit into the employee's designated bank account. Pay stubs will be sent electronically to each employee's District email address once payment has been made.

11. The District shall have the right to pay employees on the 15th day and 30th day of each month of service regardless of the day of the week. If the 15th or 30th lands on a holiday, the payment shall be made the day before. Each paycheck shall contain a statement of gross earnings and a statement of deduction(s) for any purpose designated by the employee. The District shall provide at least six (6) months advance notice of its intent to commence paying on the 15th and 30th days of the month.

AND EDUCATIONAL IMPROVEMENT**

A. EXPENSE OF PROFESSIONAL WORKSHOPS AND CONFERENCES

1. The District shall pay the reasonable expenses, including fees, meals, lodging, and transportation incurred by teachers who attend workshops, seminars, conferences or other professional improvement sessions which have had prior approval of the District. In addition, a teacher may, with the advance approval of the appropriate principal and Superintendent, attend such professional improvement sessions at his/her own expense. The Board shall pay each teacher his/her regular salary while absent in connection with attendance at such professional sessions and shall also pay all substitutes' salaries thus necessitated. The District shall pay the teacher for the reasonable expenses incurred within 45 calendar days after submission of voucher claim.

2. The funds budgeted for the purpose of professional improvement each year shall be distributed among the several buildings and subject matter areas equitably to the extent reasonably possible.

B. INDIVIDUAL FREEDOM

The private and personal life of a teacher is not within the appropriate concern or attention of the Board or Administration except as it may interfere with the teacher's responsibilities to and relationships with students or the school system or impair his/her ability to fulfill his/her teaching duties.

C. PROFESSIONAL LEAVE

Teachers who are designated by the Association to attend meetings and conferences of the organizations with which the ATA is affiliated shall be granted such leave with pay as is necessary to discharge their obligations as delegates and officers to such conferences. Such leave shall not be charged against sick leave or personal leave. A total of twenty-four (24) days shall be made available to not more than ten (10) different teachers in the district, none of whom may use more than five (5) days in a school year. It is the parties' intent that having these professional development opportunities shall reduce the number of times teachers are pulled from their instructional classes for District professional learning initiatives. [This provision will sunset, becoming null and void in its entirety, close of business on June 30, 2025]

ARTICLE VII

TEACHER EMPLOYMENT

A. EMPLOYMENT OF TEACHERS

1. Only professionally qualified and certificated candidates shall be considered for hiring, where possible. As soon as possible, each teacher shall hold a valid New York State certificate in the area in which he/she shall function. If the certificate is provisional, the teacher must meet permanent certificate requirements within the period stipulated by the New York State Education Department.

2. The District shall continue its policy of involving to the fullest possible extent, coordinators and teachers in the hiring process. The hiring of teachers lies with the Board of Education. The assignment of new teachers lies with the District.

3. Occupational and Physical Therapists must maintain a valid license to practice in NYS.

ARTICLE VIII

TEACHER ASSIGNMENT, TRANSFER AND PROMOTION

A. ASSIGNMENT OF NEW TEACHERS

1. The Principal shall assign all newly hired personnel to their specific positions, which shall be in the type of service for which the teacher has been hired by the District. The Principal shall give notice of assignments to new teachers as soon after hiring as practicable.

2. Occupational and Physical Therapist assignments are determined by the Assistant Superintendent for PPS (or designee).

B. SALARY AND ASSIGNMENT NOTICES

If possible, teachers shall be notified in writing of their salary for the coming school year by April 1 of each school year, unless the time for such notice is extended in writing by the Association. As soon as practicable, and under normal circumstances not later than May 1, teachers shall be notified in writing of their assignments for the following school year, including the schools to which they shall be assigned, the grades and/or subjects that they shall teach and any special or unusual classes that they shall have. Any changes thereafter shall be sent to both the Association President and the teacher involved. These change notifications shall be issued promptly.

C. AREA OF ASSIGNMENT

In order to assure that pupils are taught by teachers working within their areas of competence, where possible, teachers shall not be assigned outside the scope of their teaching certificate competency and/or their major or minor fields of study, except by that provided by law or by the Commissioner's Regulations. By December 1 of each year, the District shall supply to the Association a list of those teachers who have been assigned teaching positions outside the area of their certification.

D. NOTICE OF AND APPLICATION FOR VACANCIES

1. Monthly, the Superintendent shall post on the faculty bulletin boards in all school buildings a list of the known vacancies by school for the then current and the following school year.

2. In the case of vacancies occurring during the summer vacation, the notice thereof shall be posted in the administration offices of the Arlington School District and a copy thereof shall be sent to the Association. Such list of vacancies shall include all vacancies of any type whatsoever occurring within the employer-employee negotiating unit represented by the Arlington Teachers' Association. The notices for promotional opportunities shall contain a job description.

3. Any teacher who desires to apply for any such vacancy shall submit his/her application, in writing, to the Superintendent and the Principal in whose building the teacher is presently assigned within the time specified.

4. Vacancies for Occupational and Physical Therapists will be filled in accordance with Civil Service regulations.

E. REQUESTS FOR TRANSFER

1. Teachers desiring a change in grade, subject or assignment, or transfer to another building, or promotion to any position for which a vacancy has not been advertised, shall file a written statement of such desire by letter to the Superintendent and to the involved principals.

2. Occupational and Physical Therapists who desire a transfer to a particular school building or assignment shall submit said request in writing to the Assistant Superintendent for PPS by June 1 for the following school year. Transfer requests will be considered for existing vacancies and newly created positions. All appointments and assignments to any and all vacancies and openings shall be based on professional qualifications, training, experience, seniority, and student needs.

F. CONSIDERATION OF REQUESTS FOR TRANSFER

In the consideration of requests for voluntary reassignment and/or transfer, the wishes of the individual teacher shall be honored to the extent that they do not conflict with the instructional requirements and best interests of the school system.

G. NOTICES OF HIRING AND TRANSFER

As soon as possible and no later than June 7 of such school year, the Superintendent shall post in each school and deliver to the Association a schedule showing the names of all teachers who have been hired, reassigned, transferred or promoted. Up to that date said list will include the names and addresses of every new teacher hired in the school system. The list shall be updated by September 10.

H. QUALIFICATIONS FOR ASSIGNMENT

All appointments and assignments to any and all vacancies and openings shall be based on professional qualifications, training, experience and seniority and shall be made only to certificated teachers or teachers pursuing a course of study approved by the State of New York for certification. Except for teachers presently employed in the Arlington School System and/or teachers holding life certificates, all teachers hereafter employed in the Arlington School System shall hold a baccalaureate degree from an accredited college. Appointments shall be made without regard to age, sex, race, creed, color, religion, nationality, marital status, or ancestry, unless based upon a bona fide occupational qualification. Unsuccessful applicants who are presently employees of the District in the negotiating unit represented by the Association shall upon request be furnished with an explanation as to why they did not receive the appointment to such vacancy.

I. NEW POSITIONS

The previous provisions shall apply to new positions created within the school system as well as vacancies occurring in existing positions.

J. PROBATIONARY SERVICE OF TRANSFERRED TEACHERS

The transfer, promotion or reassignment of any tenured members of the teachers' negotiating unit represented by the Association to a position of classroom teaching outside of his or her existing tenure area shall require a probationary period in such new position of not more than one year. In the event of such transfer, reassignment or promotion of a non-tenured member of the employer-employee negotiating

unit, service in such a new position shall be added to the probationary service completed at the time of such transfer, reassignment or promotion so that such probationary teacher shall not be required to serve a probationary period of more than three years from the date of his/her first hiring by the District or one year from the date of such transfer, reassignment or promotion, whichever shall be later as permitted by provision of Section 3012 of the New York State Education Law and Part 30 of the New York State Regents Rules.

K. INVOLUNTARY TRANSFERS

It is recognized that some involuntary transfers of teachers from one building to another or reassignment within a tenure area may be unavoidable but should be held to a minimum. Notice of any such involuntary transfer shall be given to teachers as soon as practicable and, under normal circumstances, not later than June 1. When transfers are necessary to positions for which there are no previous applicants, volunteers shall be sought for such positions, and no permanent involuntary reassignment shall be made unless it has not been possible to locate an adequate number of volunteers after a good faith effort for a period of fifteen (15) days, except for emergencies. Good faith effort shall consist of notification to the Association President and to the involved teachers in the appropriate buildings. Volunteers shall be transferred or reassigned first. After the group of available volunteers has been exhausted, a teacher's area of competence, major and/or minor field of study, quality of teaching performance and length of service in the school system shall be considered in determining which teacher is to be transferred or reassigned.

L. SCHEDULES AND REIMBURSEMENT OF TEACHERS REQUIRED TO TRAVEL

In arranging schedules for teachers who are assigned to more than one school, an effort shall be made to limit the amount of interschool travel. Such teachers shall be notified of any change in their schedules as soon as practicable. All teachers who are required to travel in connection with their duties shall be paid mileage at the Internal Revenue Service rate.

M. ADMINISTRATIVE APPROVAL OF ASSIGNMENTS

Teachers who shall be assigned to teach in more than one building shall not be hired and/or assigned without prior interview by and consultation with their coordinator and the building principals involved provided that such personnel are available to interview and consult.

N. ASSIGNMENT OF OCCUPATIONAL AND PHYSICAL THERAPISTS

It is understood that Occupational and Physical Therapists are subject to reassignment based on student needs. To the extent practicable, efforts will be made to limit excessive traveling between buildings. Assignments will be provided by August 24.

ARTICLE IX

A. CLASSROOM FACILITIES

1. Where applicable, each classroom shall be adequately heated, lighted and ventilated and shall be furnished with a serviceable desk and chair for each pupil and each teacher and adequate closet or cabinet space where teachers may safely store instructional materials and supplies.

ARTICLE X

TEACHER PROTECTION AND STUDENT DISCIPLINE

A. TEACHER PROTECTION

1. Teachers shall immediately report all cases of assault sustained by them in connection with their employment to their principal or immediate supervisor in writing. Said report shall be forwarded to the Board, and the Board and the Administration shall comply with any reasonable request of the teacher for information in its possession relating to the incident or the persons involved and shall act in appropriate ways as a liaison between the teacher, the police and the courts.

2. If a teacher's vehicle is vandalized while on school property and the damage to that vehicle exceeds \$200.00, the District shall compensate that teacher for such vandalism up to \$200.00 provided that the teacher first files a police report and a claim against his or her insurance carrier. The teacher must carry appropriate insurance against which such claims shall first be made.

B. CORPORAL PUNISHMENT AND REPORTS

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. The Rules of the Board of Regents specify that no teacher, administrator, officer, employee, or agent of a school district may use corporal punishment against a student. However, in situations where alternative procedures and methods not involving the use of force cannot reasonably be employed, the use of reasonable physical force is permissible to:

- Protect oneself, another student, teacher or any person(s) from physical injury.
- Protect the property of the school or others.
- Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers, and duties, if that student has refused to refrain from further disruptive acts.

C. PARENT - STUDENT COMPLAINTS

Parental and/or student complaints which are directed toward a teacher shall be promptly called to the teacher's attention, and the teacher shall be afforded an opportunity to reply to the same and no derogatory complaint, letter or report shall be placed in the teacher's file without the teacher's knowledge and without an opportunity to make a written statement of defense to be attached thereto and an opportunity to confront the complainants.

D. DISCIPLINARY ORDERS

Teachers shall receive instructions and directions relative to student discipline only from professional personnel, and student punishment and discipline referred to higher authority by a teacher shall be administered by professional supervisory personnel. On request, the teacher shall be informed of the discipline and punishment administered by the professional personnel.

E. PROBLEM PUPILS

1. No emotionally disturbed pupils and pupils presenting severe disciplinary problems shall knowingly be assigned to any class without first informing the teacher of such class of the known facts relative to such pupils. Teachers encountering such pupils in their classes shall be given early support in the form of psychological and social case work assistance for the child.

2. Occupational and Physical Therapists shall be given access to student records (when feasible) prior to working with students assigned to their caseloads.

F. DISRUPTIVE PUPILS

1. In the event that the presence of any pupil or pupils becomes disruptive to the conduct of instruction or threatens the welfare and/or safety of the teacher and/or pupils, the teacher is hereby authorized to forthwith remove such pupil or pupils from the class and contact the principal or the assistant principal's office as soon as possible, and such pupil shall not be returned to class by the principal until consultation with the teacher involved. In all cases, the removal of disruptive students shall conform to the procedures identified in the Arlington Central School District Code of Student Conduct.

2. It is understood that Occupational and Physical Therapists regularly work with students who present unique behavioral challenges. In order to maintain the safety of Occupational and Physical Therapists, they shall be offered appropriate training in behavioral intervention (e.g., Crisis Intervention Training) and access to a behavioral specialist for support.

G. PARENT COOPERATION IN DISCIPLINE

Teachers have the right, and are encouraged to enlist the cooperation of parents in handling discipline problems. After consultation with the principal involved, teachers may request parental attendance at a parent-teacher conference at a mutually agreeable time and place.

ARTICLE XI

CLASS SIZE AND CLASS LOAD

A. CLASS SIZE

1. Subject to the exceptions contained in this Article XI, the following class sizes shall be observed:

a. Elementary Schools (K - 5): No kindergarten class shall be more than twenty-nine (29) pupils. No regular class in Grades 1, 2 and 3 shall be more than thirty (30) pupils. No regular class in Grades 4 and 5 shall be more than thirty-one (31) pupils. No regular class for special education programs shall be more than fifteen (15) pupils. In a special education resource room, the total caseload per teacher shall not exceed twenty (20) pupils.

b. Secondary Schools (6 - 12): No regular academic class shall be more than thirty-one (31) pupils.

2. The measuring date for class size in each school year shall be October 1 for the secondary schools and October 15 for the elementary schools. On that date, the District shall determine the actual number of students in each class. Subject to the treatment of “singletons” and “doubletons” as provided in paragraph 3 below, if the number of students in a class exceeds the appropriate class size as specified in paragraph 1 above, the District shall distribute the excess pupils to other teachers, and if such distribution would result in more students in any one class than twenty-nine (29), thirty (30), or thirty-one (31) pupils at the appropriate grade level, then the District shall hire a teacher or teachers so as to reduce the class size to the number specified in paragraph 1 above if class room space is available in a building used by the District within a reasonable time and distance of the child’s home school. No adjustments in class size to correct excess class size shall be made between the end of Thanksgiving recess and the end of the first semester, and no adjustment to correct excess class size shall be made between the end of the Easter holiday and the end of the second semester. Class size overages which occur prior to Thanksgiving or Easter shall be rectified pursuant to the above procedure.

3. When the District proposes to exceed the foregoing class sizes for the reason that only one or two class groups can realistically be scheduled, the parties shall meet to discuss whether additional class groups can realistically be scheduled, or whether the excess can be remedied by agreement. Failing

such agreement, either party may take any issue arising under the foregoing sentence directly to Stage II of the grievance procedure, and failing agreement at Stage II, immediately to arbitration.

4. Arriving at the foregoing class sizes, the District and the Association have acted in the belief that small classes offer more opportunity for teachers to know their students better, that small classes result in teachers using a greater variety of instructional materials, and that experimentation, innovation and invention are more likely to occur in small classes.

5. Except for class size adjustments, an elementary school student shall be transferred from one teacher to another on the same grade level or subject level only after consultation with the teachers involved.

6. Since particular space, equipment and special furniture are involved, class sizes in the areas of laboratory, shop, student driving, physical education, home economics, industrial arts, music and other special subject areas shall be considered by the Superintendent and President after recommendations from the subject coordinators involved.

7. Pupils shall not be assigned to any classroom in larger numbers than the capacity of the teacher facilities or stations available or for which the classroom was designed where feasible.

8. Occupational and Physical Therapists shall be assigned a caseload by the Assistant Superintendent for PPS (or designee). The number of students on a caseload will be determined by student needs. The employee will enter all session notes into the district reporting program for all students. The therapist will schedule this time in the weekly schedule on a permanent basis for the academic year. Employees who are supervising assistants will be provided time in the weekly schedule for supervision responsibilities. The time allotted will be determined by the Director of Special Education or his/her designee. Written records of Supervision will be submitted to the Special Education office for the Medicaid file.

B. CLASS LOAD

1. In the elementary schools, the number of hours of classroom instruction per day, per teacher, shall not exceed an average of five (5) hours. Elementary school classroom teachers shall not be required to remain in the classroom while a special teacher is instructing the entire class, except for the first few minutes (approximately five minutes) to develop understanding of the instructional objective and except for the last few minutes for the summary or evaluation that occurred. Should the District introduce curriculum specialists in the area of computers, science, instruction, or other such special classes, classroom teachers may be required to remain with the class as long as the assignment does not exceed five (5) hours.

2. In the secondary schools, except as otherwise provided in this paragraph 2, the number of daily periods of classroom instruction for a secondary teacher shall not exceed five (5). However, in science, driver education, and business education, an additional one or two periods per week may be assigned by the appropriate administrator. Any teacher so assigned shall have reduced supervisory duties, such as study hall, homeroom and lunch supervision.

3. Tenured teachers in the middle and high school buildings may volunteer to teach a sixth assignment as an alternate to a supervisory assignment, subject to the following conditions:

- a. No teacher will teach any class outside of his/her teaching certification area.

- b. No teacher shall lose his/her position or any part of his/her positions as a result of a sixth assignment(s).

4. If a teacher volunteers to teach a sixth assignment, he or she will receive additional compensation at the rate of \$11,000 per full year or a prorated amount thereof if less than a full year.

GRIEVANCE PROCEDURE

A. DECLARATION OF PURPOSE

WHEREAS, the establishment and maintenance of a harmonious and cooperative relationship between the District and its professional staff is essential to the operation of the schools, it is the purpose of this procedure to secure, at the lowest possible administrative level, equitable solutions to alleged grievances of employees in the unit represented by the Arlington Teachers' Association.

B. DEFINITIONS

2.1 A grievance shall be a claim by the Association that the District has violated this contract and has consequently adversely affected the welfare or terms and conditions of employment of any person or group of persons in the negotiating unit.

2.2 Association shall mean Arlington Teachers' Association.

2.3 Aggrieved Party shall mean the Association.

2.4 Party in Interest shall mean the P.P.R.& R. Committee of the Arlington Teachers' Association and any party named in a grievance who is not the aggrieved party.

2.5 Professional Practices, Responsibilities and Rights (P.P.R.& R.) Committee is the committee created and constituted by the Arlington Teachers' Association for the representation of the aggrieved, the Association and its members in the enforcement of the agreement and the assertion of their professional rights.

2.6 Hearing Officer shall mean any individual charged with the duty of rendering decisions at any stage on grievances hereunder.

C. PROCEDURE

3.1 All Grievances shall include the name and position of the teacher(s) involved, the identity of the provision of this agreement involved in the said grievance, the time when and place where the alleged events or conditions constituting the grievance existed, the identity of the party responsible for causing the said events or conditions, if known to the Association, and a statement, as specific as possible, of the nature of the grievance and the redress sought by the Association.

3.2 Except for informal decisions at Stage 1(a), all decisions shall be rendered in writing at each step of the grievance procedure. Each decision shall be promptly transmitted to the teacher and the Association.

3.3 If a grievance affects a group of persons and appears to be associated with system-wide policies, it may be submitted by the Association directly to the Chief Executive Officer at Stage 2 described below.

3.4 The preparation and processing of grievances, insofar as practicable, shall be conducted after the hours of employment. All reasonable effort shall be made to avoid interruption of classroom activity and to avoid involvement of students in any phase of the grievance procedure.

3.5 The District and the Association agree to facilitate any investigation which may be required and to make available any and all material and relevant documents, communications, and records concerning the alleged grievance.

3.6 Except as otherwise provided in Article 5.1(a) and 5.1(b), the Association and any party in interest shall have the right at all stages of a grievance to confront and cross-examine all witnesses called against him/her, to testify and to call witnesses on his/her own behalf.

3.7 No interference, coercion, restraint, discrimination or reprisal of any kind at any time shall be taken by the District or by any member of the administration against the Association, any party in interest, any representative, any member of the P.P.R.& R. Committee or any other participant in the grievance procedure or any other person by reason of such grievance or participation therein.

3.8 If any provision of this grievance procedure or any application thereof to any person or group of persons in the negotiating unit shall be finally determined by any court to be contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

3.9 The procedure hereby established shall be the sole remedy for grievances under this agreement.

D. TIME LIMITS

4.1 Since it is important to good relationships that grievances be processed as rapidly as possible, every effort shall be made by all parties to expedite the process. The time limits specified for either party may be extended only by mutual agreement.

4.2 No written grievance shall be entertained as described below, and such grievance shall be deemed waived unless written grievance is forwarded at the first available stage within twenty (20) school days after the Association knew or should have known of the act or condition on which the grievance is based.

4.3 If a decision at one stage is not appealed to the next stage of the procedure within the time limit specified, the grievance shall be deemed to be discontinued and further appeal under the agreement shall be barred.

4.4 Failure at any stage of the grievance procedure to communicate a decision to the aggrieved party, the Association President and the P.P.R.& R. Committee within the specified time limit shall permit the lodging of an appeal at the next stage of the procedure within the time which would have been allotted had the decision been communicated by the final day.

4.5 In the event a grievance is filed on or after June 1 upon request by or on behalf of the Association, the time limits set forth herein will be reduced pro rata so that the grievance procedure can be exhausted prior to the end of the school term or as soon thereafter as is possible.

4.6 During the summer vacation, "school days" (as those words are used in this Article XXIV) shall mean week days, except for July 4 and Labor Day; provided, that "school days" shall not mean any day on which the Superintendent and his/her duly authorized representative (as described in Article XXIII, Section E) are both unavailable.

E. STAGES OF GRIEVANCE PROCEDURE

5.1 Stage 1:

a. The Association shall discuss the grievance with the assistant principal or principal with the objective of resolving the matter informally.

b. If the grievance is not resolved informally, it shall be reduced to writing and presented to the assistant principal or principal. Within five (5) school days after the written grievance is presented to him/her, the assistant principal or principal shall render a decision thereon, in writing.

5.2 Stage 2:

a. If the Association is not satisfied with the written decision at the conclusion of Stage 1b and wishes to proceed further, it shall, within twenty (20) school days after receipt of the written decision, present the grievance to the Superintendent for his/her consideration.

b. Within five (5) school days after receipt of the appeal, the Superintendent of Schools, or his/her duly authorized representative, shall hold a hearing with the Association.

c. The Superintendent of Schools shall render a decision, in writing, to the Association, the P.P.R. & R. Committee and its representative within five (5) school days after the conclusion of the hearing.

5.3 Stage 3:

a. If the Association is not satisfied with the decision of the Superintendent, then within twenty (20) days after the disposition of the grievance at Stage 2, the grievant may file with the District a demand for arbitration, or may appeal the decision at Stage 2 to the Board of Education.

b. The Board of Education at its own option may hold a hearing on a case filed for arbitration and by calling such a hearing the filing of the demand for arbitration shall be stayed until the Board has reached a determination. The Board of Education or its designee shall hold a hearing on the grievance within ten (10) days after the receipt of the appeal. The written decision of the Board of Education shall be rendered within five (5) school days of the hearing.

c. In the event that the Board of Education does not hold such a hearing and the Association does not request a hearing before the Board, the grievance shall proceed immediately to arbitration.

d. In the event that the Board rendered a decision and the Association is not satisfied with its disposition, it may submit the grievance to arbitration by written notice to the Board of Education within fifteen (15) school days after receipt of the decision of the Board.

e. The rules and procedure of the American Arbitration Association, including those rules and procedures governing selection of arbitrators, shall be followed.

f. The arbitrator shall limit his/her decision strictly to the application and interpretation of the provisions of this agreement and shall be without power or authority to make any decision contrary to or inconsistent with, modifying or varying in any way, of the terms of this agreement or of applicable law or rules or regulations of the force and effect of law.

g. The decision of the arbitrator shall be final and binding on all parties.

h. The cost of the service of the arbitrator including expenses shall be borne equally by the District and the Association.

5.4 The District, at any time, acting through the Board of Education or the Superintendent, may register a grievance against the Association for failure to comply with the terms and conditions of the contract by filing a written complaint with the Superintendent, who will transmit the complaint to the President of the Association. Within ten (10) days there shall be a conference concerning the complaint by the District between representatives of the Association and the District. If the complaint cannot be resolved at this level, the District may in its sole discretion and at its sole option, bring the complaint to the arbitration stage of this grievance procedure.
